

# UNIVERSAL BASE!

This is what we're all about at Taeges!

Our universal base system, giving you the flexibility to use our M3 metering system on all equipment.

**MORE EFFICIENT.  
BETTER YIELD.  
MORE CHOICE.  
BETTER QUALITY.**

## Air metering systems

- Custom fertiliser, seed hopper and bait systems.
- Gravity, air assist or hydraulic fan seed dispersal options
- Computerised sponge metering system.
- Easiest units on the market to calibrate
- Custom build sizes available

## M3 Metering Systems

- Non-pressurized metering system.
- Ability to broadcast seed, slug bait or custom usage.
- Gravity, electric air assist or full air seed dispersal options.
- 200l-1400l hopper sizes available.
- Universal base giving the ability to fit not only Taege equipment but all other machinery.

**Gravity fed seed dispersal option:** Best utilised on equipment for accurate metering of seed or product spanning up to a width of 3.3m.

## M3 Metering Series by Taeges

**Computerised sponge metering system** is standard on all models which provides fast, easy and accurate calibration without the risk of seed damage.

**Air assisted seed dispersal option:** Best utilised on equipment for accurate metering of seed or product spanning up to a width from 3.3m – 4.5m.

**Full air seed dispersal option:** Best utilised on machinery for accurate metering of seed or product spanning up to a width from 4.5m – 8m.
