

UNIVERSAL BASE!

This is what we're
all about at Taeges!

Our universal base system, giving you
the flexibility to use our M3 metering
system on all equipment.

Air metering systems

- Custom fertiliser, seed hopper and bait systems.
- Gravity, air assist or hydraulic fan seed dispersal options
- Computerised sponge metering system.
- Easiest units on the market to calibrate
- Custom build sizes available

M3 Metering Systems

- Non-pressurized metering system.
- Ability to broadcast seed, slug bait or custom usage.
- Gravity, electric air assist or full air seed dispersal options.
- 200l-1400l hopper sizes available.
- Universal base giving the ability to fit not only Taege equipment but all other machinery.

**MORE EFFICIENT.
BETTER YIELD.
MORE CHOICE.
BETTER QUALITY.**

A Ground Breaking Company Since 1923

Gravity fed seed dispersal option: Best utilised on equipment for accurate metering of seed or product spanning up to a width of 3.3m.

M3 Metering Series by Taeges

Computerised sponge metering system is standard on all models which provides fast, easy and accurate calibration without the risk of seed damage.

Air assisted seed dispersal option: Best utilised on equipment for accurate metering of seed or product spanning up to a width from 3.3m – 4.5m.

Full air seed dispersal option: Best utilised on machinery for accurate metering of seed or product spanning up to a width from 4.5m – 8m.
